OCS Community ... Good Afternoon ... We hope that this finds you well, and safe.

Chromebook Distribution

For those families that still do not have a Chromebook for your OCS students, we will be distributing Chromebooks tomorrow, **Friday, March 27, between 12 pm and 4 pm**. As with past distributions, please come to the **lobby of Building 21**, and a member of the I.T. team will provide a Chromebook for your child(ren)'s use.

Please note that this assumes that you currently have no other piece of hardware at home that your child(ren) can use. The Chromebook you will pick up is to be shared as needed.

WHILE WAITING TO PICK UP YOUR CHROMEBOOK PLEASE OBSERVE ALL SOCIAL DISTANCING REQUIREMENTS AS ESTABLISHED BY THE GOVERNOR.

Student Email Logins

We still have some 279 students that have not logged into their email accounts. We ask that students, who have both hardware and WiFi accessibility and have yet to log into their email accounts, do so as soon as possible. This will help us further assess student readiness to access Level 3 - remote learning this coming Monday. Attached please find guidelines to help your child(ren) access their email accounts.

In the meanwhile, please feel free to reach out to Riccardo at riccardo.stoeckicht@odyssey.k12.de.us or Dino at remote.support@odyssey.k12.de.us with any questions.

Thank you,

Denise and Riccardo
