Η ΕΛΛΗΝΙΚΗ ΓΩΝΙΑ
THE GREEK CORNER

Did you know that Greeks paved the way for many of the devices we use in our everyday life?

Alarm clock

Plato, an ancient Greek philosopher, was the first to have an alarm clock; this was a 'water clock'. After it had counted the desired time, it would play notes from a water organ, quite the alarm clock.

Vending Machine

The very first vending machine was invented by Heron of Alexandria back in 10-70 AD. Back in those days, you would put a coin into a slot at the top of the machine for a dose of holy water.

OCS MONEY MATTERS

Did you know?...

During the month of February alone, Odyssey spent $18,460 on electrical costs betwen all four buildings.

OCS: PROUDLY INVESTING IN OUR COMMUNITY!

Diversity, Equity, & Inclusion Committee

Focus: diversifying and retaining staff, evaluating and modifying current curriculum and teaching practices, developing a mentoring program, streamlining the process and promoting student groups, coordinating community outreach initiatives, and providing staff development opportunities addressing issues of race and equity.
