

## Odyssey Charter School Required Health Forms

(For Kindergarten and New Enterers)

\_\_\_\_\_ **Physical exam:** The exam must be dated after August 31, 2013. If you have a physical scheduled in August/September, please send us proof of the appointment (e.g. Copy of the appointment card or letter from the physician). **It is highly recommended that you make a copy for your own records.**

\_\_\_\_\_ **Complete record of immunizations:** You may send a copy from your physician's office or fill out the immunization form on the bottom half of the Delaware School Physical Exam. Immunizations must be up to date to prevent school exclusion.

\_\_\_\_\_ **Tuberculosis testing/screening documentation:** All new enterers shall have a tuberculosis risk assessment and if needed a mantoux tuberculin skins test within the 12 months. (New enterer is anyone entering the Delaware public school system for the first time). For any student transferring from a public school, a new PPD or risk assessment is not needed; however, results of the last test/screen must be documented.

\_\_\_\_\_ **Lead screening:** Requirement for all students entering kindergarten.

\_\_\_\_\_ **Emergency Treatment Card:** Front and back filled out and signed. Please check off permission for medication administration.

For any questions please e-mail [demetra.tzinoudis@odyssey.k12.de.us](mailto:demetra.tzinoudis@odyssey.k12.de.us) or [paula.lowe@odyssey.k12.de.us](mailto:paula.lowe@odyssey.k12.de.us) . Thank you for your cooperation.

Sincerely,

*Demetra Tzinoudis, R.N., B.S.N. (Lower)*

*Paula Lowe, R.N., B.S.N. (Upper)*
