Families, you made it through Week #2 of the school closure. Give yourselves a pat on the back! We are most certainly in this together. Amidst all the challenges, our students are shining. Is your student learning and growing? Share your experiences with the new OCS hashtag #OCSremoteAwesome! We would love to see your pics, shares, and celebrations on FB, Twitter, and Instagram. Have an #OCSremoteAwesome weekend!

Deans Communications: All families will receive division-specific communication—including the upcoming virtual Spirit Week!-- from the Deans regarding logistics for Monday's Level 3 launch. We remind families that this is a new process for all, and time and patience will benefit everyone involved—parents, students, teachers, and support staff. We will work together for a successful launch next week.

Medication/Medical Device Pick Up: Nurses will be on site Tuesday, 3/31 from 9:00a-11:00a for parents to pick up medications and essential medical items (ex., glasses, crutches). Note that, in order to reduce the risk of COVID-19 spread, you will not be able to enter the building. Nurses will meet parents at the building entrance and sign for receipt. By Monday at 8:00p, please email your building-level nurse with your child's name and requested medication:

Computer/Wifi Access: All students need computer and internet/wifi access to begin Level 3 instruction beginning Monday. We still have 247 students that have not logged in to their email accounts. Please make sure that your students do so as soon as possible.
