OXI Day

OCHI DAY

October 28th, also known as "[Ochi Day](#)", is celebrated in Greece as a National Holiday.

In 1940 the Italians, under the dictator Benito Mussolini, issued an ultimatum to the Greeks, demanding they allow the Italian Army to cross into and occupy Greece. Greece responded with a resounding Ochi!, which means 'no'. The Greeks then sent their army to the Albanian border and pushed the Italian army back beyond the mountains. It was a magnificent victory, the first Allied success of World War II, and the one that prompted Winston Churchill's famous comment:

"Until now we used to say that the Greeks fight like heroes. Now we shall say: The heroes fight like Greeks."

Greece's victory affected the outcome of WWII and even today is an inspiration for people of all nations who cherish freedom and liberty ([The Washington Oxi Day Foundation](#)).

GRADES IN SCHOOLOGY

The First Marking Period end on November 6th!

As we approach the end of the marking period, all overdue assignments (ELA, Science, SS, Math) will be marked as "missing" which will effectively be a zero percent. This will give you an accurate snapshot of how incomplete assignments impact your child's final grades. Before the end of the marking period, as your child turns in overdue work, their grades will be updated accordingly. Please reach out to your child's teachers with additional questions.

Please understand that all first marking period assignments, including all Greek and Specials assignments, will not be accepted after midnight on Sunday, November 8th.

Need some basic Schoolology help? We will be offering Schoolology 101- a 30 minute live Zoom of how to use some basic Schoolology functions. Sign up below by Tuesday, 11/3!
