

Lower (K-2) School Carline Drop off Procedure AM

- All cars must enter/exit from Lancaster Pike.
- Parents will park and drop off their children at both Lower School entrances.
- All Lower School parents will come in the first entrance and make a left to go around the inner loop of building 20.
- Parents arriving for LS drop off will park at lot 1 until it is filled. Lots 2, and 3 are both overflow lots, and lot 4 is for expecting parents and parents with other small children in the car (marked with xxx).
- Cars will park next to each other and fill in all the spaces.
- Parents will walk their children to the Lower School entrances and then exit out the middle of campus.
- Follow the arrows on the map.
- Safety first! All parents must walk their children to the front door. Do not walk-through open parking lots, always use a cross walk and the sidewalks.
- Buses have the right of way on our campus. Please let them go first. Thank you!
